THE SCHOOL DIRECTOR BIENVENUE À L'ÉCOLE AZURLINGUA

When we started Azurlingua in 1990 we had a very precise idea of what we were aiming to: become one of the best school for French as foreign language in France. Over the years we have worked on our product: as we are close to our students and clients, it has been natural for us to meet their expectations. This is why we decided to create the first and unique free magazine for French learning online, «Bonjour de France», with more than 10 million visitors a year and 1,5 million of fans.

Wishing to be closer to our customers' expectations, we are ready to offer you French lessons online, in addition to your stay or alone.

At Azurlingua our clients find the best conditions to learn and improve their French. We also have the advantage of being located in a beautiful part of France: Nice, on the French Riviera, where you can also enjoy the other neighboring dream towns, like Cannes, Monaco and St Tropez...

Our clients want to take advantage of their stay, without worrying about anything or having any nasty surprises; this is why we're the only school providing its own facilities for accommodation, transfers and excursions.

We are proud of being awarded the Qualité FLE label, delivered by the French government, and even more proud of having the maximum rating: this allows our customers to be sure of the quality of our products and our staff.

We always do our best to satisfy all our students: you will not forget your stay at Azurlingua.

official label «qualité FLE»

A QUALITY LABEL AWARDED BY THE FRENCH GOVERNMENT

Azurlingua is one of the first schools in France to have been awarded by the label for the quality of its teaching, its premises and services (reception, administration, registration, accommodation...).

In 2016, we obtained the maximum score of the quality label. This certifies the excellence of our training, our teaching methods, our premises, hospitality and management of our school.

The French as a Foreign Language Quality label is the result of a quality-assurance approach undertaken by three French ministries : The Ministry for Higher Education and Research, the Ministry of Culture and Communication, and the Ministry of Foreign Affairs.

This Quality Label has been set up to identify and recognise centres or French as a Foreign Language whose quality for their linguistic offer and services are objectively guaranteed.
